FORT PICKETT
TOWN PICKETT

WHY

MTC-FORT PICKETT is

A Little more than 41,000 acres of Outstanding
Maneuver Training Areas, with some of the most
modern Live Fire Ranges of the East coast, and with
Service Support Facilities able to Support at a Minimum:
One full Mechanized Brigade

We Operate as a small City.

When Katrina Happened

- The Question was posed to the TAG concerning potential available space for Evacuees (later referred to as Guests)
- 1000 bed spaces were designated for this Purpose
- Following day there was a Coordination meeting at Fort Pickett with Secretary Woods, Secretary Marshall, MG Williams, Representatives from most Virginia Departments, Potential Contractors, and my staff

TOWN PICKETT

When Katrina Happened (cont)

- From that meeting we established:
 - Relationships
 - Requirements
 - Building Assignments
 - What ifs
 - And Who has What
- Within 2 days we had:
 - Handicapped accessible barracks, DFAC, and admin bldgs
 - School classrooms set up
 - Internet capability in the Admin spaces set up for the different services

What Has to Happen

- A disaster/situation declared
- Request sent up through civilian channels
- Authorization for us to react comes down through the military chain
- Our guidance on what we can provide will be included in the authorization
- Note: We have been involved in contingency planning for some potential situations, many of them involve Fort Pickett being utilized as a shelter
